

“PASSPORT” OF THE REPUBLIC OF MORDOVIA

Penza Region

The Republic of Mordovia is located in the European part of Russia, in the basin of the river Volga.

Territory – 26.1 th. km²
Population – 781.9 th. people (01/11/2020).

Saransk – administrative centre with the population of 347.0 th. people – is located 600 km far from Moscow.

The Republic of Mordovia is part of the Volga federal district and borders with 5 regions of the Russian Federation.

Administrative subdivision: 22 municipal districts, Saransk city district, 16 urban and 256 rural settlements (01/01/2020)

Culture

- 6 professional theatres, including the State Russian Drama Theatre, the State Mordovia National Drama Theatre, the State Musical Theatre named after I.M.Yaushev, the State Puppet Theatre of the Republic of Mordovia and the

Municipal Children's Theatre, Cinema Centre "Kroshka" and ANO "The Studio Theatre "The Maly Art Alternative Theater".

- 5 state concert organizations and independent groups – philharmonic, song-and-dance ensemble "Umarina", Song Theatre "Rosichi", jazz-orchestra "Big-band "Saransk", folklore ensemble "Torama";
- 496 public libraries with the book collection of approximately 6161.8 th. it., including 3 republican – the National library named after A.S.Pushkin, children's library and Special Library for the Blind;
- 24 museums, including two republican: "The United Museum of Local Lore, History and Economy named after I.D. Voronin" with 9 branches, The Fine Arts Museum named after S.D. Erzya with 2 branches;
- 2 institutions of secondary vocational education: Saransk musical college named after L.P. Kiryukov and Saransk art college named after F.V. Sychkov;
- 38 children's art schools (for different types of arts), including two republican – children's choreography school and music boarding school for gifted children;
- 480 institutions of culture and leisure type (cultural centres, clubs, leisure centres) in which there are 2969 club formations (including 2280 amateur art groups of different genres);
- 852 historical and cultural monuments that have been taken under state protection (100 of them are the monuments of federal significance). These include: 545 historical monuments, 129 urban development and architectural monuments, 113 art monuments, 65 archaeological monuments.

Science

- Federal state budgetary educational institution of higher education "National Research Mordovia State University named after N. P. Ogarev";
- Federal state budgetary educational institution of higher education "Mordovia Pedagogical State University named after M. E. Evseyev";
- State Organization "Research Institute of Humanitarian sciences under the Government of the Republic of Mordovia";
- State Organization "Scientific Centre for Socio-Economic Monitoring";
- Mordovia Scientific Research Institute of Agriculture – branch of the federal state budgetary scientific institution "Federal Agrarian Scientific Centre of the North-East named after N. V. Rudnitsky";
- PJSC "Electrovipryamitel";
- "NIIS (scientific research institute of light sources) named after A.N. Lodygin" Ltd.

Education

- 5 higher education institutions (the largest – National Research Mordovia State University named after N.P. Ogarev, Mordovia Pedagogical State University named after M. E. Evseyev, Saransk Cooperative Institute of the Russian University of Cooperation);

- 27 institutions of secondary vocational education;
- 225 schools, 11 lyceums, 7 gymnasiums.

Basic raw materials

- deposits of marly-cretaceous mining and flask used for production of high-quality cement (explored reserves exceed 370 million cubic meters);
- deposits of diatomite – reserve balance is evaluated over 21 million cubic meters;
- mortar sand – 65.3 th. cubic meters
- claydite – 15.9 th. cubic meters (reserves of the unallocated fund)
- chalk stone – 10.4 million tons;
- building stone – 18.8 million cubic meters;
- peat – stocks volume 7.9 million tons;
- softwood and hardwood timber – 110.84 million cubic meters within the territory of 680.7 th. hectares;
- fumed oak;
- subsurface mineral water with explored exploitable volume of 573.6 cubic meters per day.

Average annual number of permanent population (thousand people)

	2018	2019
Total	800.3	792.9
Urban	505.7	504.4
Rural	294.6	288.5

Human Resources

Economically active population in 2019 amounts by 437.6 th. people (55.2% of the region's total).

Economic Infrastructure

As of October 1, 2020, on the territory of the Republic of Mordovia, 2 regional (independent) and 2 branches of non-regional commercial banks (including 1 branch of PJSC Sberbank of Russia, as well as 212 credit institutions (branches), 2 representations and 2 mobile units; 131 points of sale of banking services operated in the regions of the Republic of Mordovia (61.8% of the total number of operating points of banking services sale in the region).

Structural changes have been continued in the banking sector. Compared to the beginning of October 2019, the number of independent banks has not changed, while the number of branches of non-regional banks operating in the territory of the Republic of Mordovia has decreased by one. At the same time, the amount of structural divisions of credit institutions (branches), compared to the beginning of October 2019, decreased by 4 units. At the same time, the level of provision of

banking services for the population of the Republic of Mordovia remains very high.

Gross regional product (billion roubles)

In 2018 gross regional product increased in Mordovia. In 2018 gross regional product made RUR 227.3 mlrd. in absolute prices, volume index increase rate as related to 2017 – 100.7%.

In 2018 gross regional product per capita (in absolute prices) made RUR 284.0 th., increased by 6.4% to the level of the previous year. By this index Mordovia occupied the 10th place in the Volga Federal District.

The structure of gross regional product in 2018:

Manufacturing production – 26%; agriculture, forestry, hunting and fishery – 14 %; whole-sale and retail trade, vehicles and motor cycles repair – 10.7%; construction – 7.3%.

Innovative infrastructure

In the framework of the State programme of scientific and innovative development of the Republic of Mordovia (approved by the resolution of the Government of the Republic of Mordovia dated 20 May 2013 No. 183) formed the main infrastructure elements of the innovation activities: Technopark in the sphere of high technology, Industrial park, Innovation clusters, Technology transfer centre, Agency of innovative development of the Republic of Mordovia.

Transport Infrastructure

13649.1 km – length of public highways including federal – 408.9 km (M5 “Ural”, 1P 158 “Nizhny Novgorod – Arzamas – Saransk”, 1P 178 “Saransk – Surskoye – Ulyanovsk”), regional – 5145.4 km and local – 8094.8 km.

Regular passenger transportation on the territory of the Republic of Mordovia is carried out on 260 routes of regular transportation of road transport and land electric transport, including 157 municipal routes; 103 inter-municipal routes.

In addition, the Republic of Mordovia is connected with other regions by 28 interregional routes.

In the territory of the Republic of Mordovia railroad is represented by 3 JSC “Russian Railways” branches: “Kuibishev Railways”, “Gorky Railways”, “Moscow Railways”. Railroad length in the republic makes 562 km including “Kuibishev Railways” – 328 km, “Gorky Railways” – 170 km, “Moscow Railways” – 64 km.

In total suburb passenger companies provide services for 119 stations and railway stops. 4 railway stations operate in the republic.

JSC “Mordovia Airlines” provide airport services for receiving and dispatching aircrafts.

Airport of Saransk is a federal international B-class air-port located 4.7 km to the south-east of Saransk. In 2017 it was utterly reconstructed, a new terminal

was erected.

Airdrome fits for the following aircrafts operation: АН-12, 24, ИЛ-18, Ту-134, Як-40, 43, Airbus A319/320/321, RRJ-95, CRJ-100/200, B-737-300/400/500, Embraer-170/175/190/195, etc. Aircraft park comprises of 4 passenger crafts АН-24, 12 light multi-function planes АН-2, 1 CRJ-200.

АН-2/24/26/26-100Д2; ИЛ-18; Як-40/42; Ту-134; Embraer-120; АТР-42/72; CRJ-100/200; Superjet-100; Diamond DA-42; Aircraft of class 3 and 4, helicopters of all types; АН-148; А-319/320/321; Embraer-170/175/190/195; Boeing-737; Cessna-208B.

Airport has 1 artificial runway of the size of 2801.8 x 42 m.

Regular passenger service is carried out with Moscow (DME, SVO) as well as with Saint Petersburg, Sochi, Simferopol, Yekaterinburg, Mineral Vodi.

A new passenger terminal with the total square of 7000.0 sq.m. possesses the capacity of 600 passengers per hour.

Presently the airport is connected with the centre of the city by the bus route No. 29 Airport – Railway Station – Saransk centre.

Industrial complex

The industrial sector plays a leading role in the economy of the Republic of Mordovia, the major share of the industrial sector (more than 90%) belongs to manufacturing industries.

The most significant branches of industrial production at the end of 2020 are:

- Food production – share in total amount of shipped products made up 30%. Large and medium-sized enterprises of the processing industry shipped products to consumers in the amount of RUR 58.7 mlrd. The largest enterprises of the industry in the Republic of Mordovia are: “Meat-processing complex “Atyashevski” Ltd., “Romodanovsakh” Ltd., “Cheese-making factory “Ichalkovski” Ltd., “Cheese producing factory “Sarmich” Ltd., JSC “Canning factory “Saranski”, OJSC “Lamzur”, etc.
 - “Meat-processing complex “Atyashevski” Ltd. is an enterprise for the production and sale of meat and sausage products.
 - “Romodanovsakh” Ltd. is the only enterprise in the Republic of Mordovia producing sugar. The enterprise has production capacity of 7500 tons of sugar beet processing per day;
 - “Cheese-making factory “Ichalkovski” Ltd. is the leader of cheese-making production in the Volga Federal district. The enterprise’s list of manufactured products includes more than 50 items;
 - Currently “Cheese producing factory “Sarmich” Ltd. produces more than 15 types of hard and semi-hard cheeses; natural butter and raw products for further processing such as milk concentrated whey and pasteurized cream;
 - JSC “Canning factory “Saranski” - is one of the largest Republic of Mordovia’s processing enterprises. The technical equipment of the plant is the most advanced in Eastern Europe. Currently, the enterprise produces milk, vegetable, meat conservation and frozen

vegetable mixes. Currently, the production of the enterprise is represented in more than 45 regions of the Russian Federation;

- OJSC “Lamzur” is a high-technology enterprise with the annual production capacity of 30th. tones. The enterprise’s list of manufactured products includes more than 200 items of different sweets in various categories: chocolate candies, caramel, cookies, aerated sweets, fruit candies. “Lamzur” works with more than 220 distributors, the sales network covers almost the entire territory of Russia to date. The products of the enterprise are exported to 11 countries of the CIS, to the Baltic States, and to Western Europe.
- Production of other vehicles and equipment — share in total amount of shipped products made up 19%. Enterprises of the industry shipped products in the amount of RUR 37.2 mlrd. The leading company of the industry in the Republic is JSC “Ruzhimmash”. The company has established production of more than 60 models of railway freight wagons, petrochemical and gas equipment, moreover more than half of its products are innovative. The railway products of JSC “Ruzhimmash” are exported to the near and far abroad (Kazakhstan, Belarus, Uzbekistan, Cuba, Iran).
- Production of electrical equipment — share in total amount of shipped products made up 18%. Enterprises of the industry shipped products to consumers in the amount of RUR 35.2 mlrd. The largest enterprises of the industry are: PJSC “Electrovipryamitel”, “Saranskabel” Ltd., “Saranskabel-Optika” Ltd., “Cable factory “Tsvetlit” Ltd., “EM-Kabel” Ltd., JSC “KETZ (Kadoshkinski Electrotechnical plant)”, OJS “ASTZ (Ardatovski lighting plant”, JSC “Fibre optic systems” etc.
 - PJSC “Electrovipryamitel” is the largest Russian electro technical company with rich experience in the field of development and production of power semiconductor devices and equipment for many industries, energy and transport. The enterprise supplies its products to more than 50 countries around the world;
 - “Saranskabel” Ltd. is one of the leading enterprises of the cable industry in Russia, constantly updating the range of products that are used in many industries. The main products are power cables, cables for signaling and blocking, communication and control cables. Among the consumers of the products are the largest enterprises of the energy, construction, transport industries, (mechanical) engineering and communications enterprises;
 - “Saranskabel-Optika” Ltd. is a manufacturer of all major types of fibre optic cable used for the construction of backbone and intra-zone communication networks. The enterprise is the only company in Russia that has established the production of fibre optic cable embedded in a lightning protection cable (OCLC) on an industrial scale;

- “Cable Factory “Tsvetlit” Ltd. is one of the few enterprises in the cable industry that have a full production cycle from the processing of aluminum into wire rod to manufacture of cable and wire products, some of which are import-substituting. The enterprise’s list of manufactured products includes more than 5000 items. “Cable Factory “Tsvetlit” Ltd. implemented a project for the production of radio frequency cables with porous insulation. There was no such production in Russia before, and the needs for this cable were met exclusively by imports;
 - “EM-Kabel” Ltd. is a plant focused on innovation and application of new technologies aimed at creating and producing new import-substituting products. The company produces traditional cables and wires, electrical cables for ultra-hazardous activities — nuclear power plants, petrochemical plants, coal mines, cables that do not sustain combustion; high-voltage wires of increased reliability, durability and electrical conductivity;
 - JSC “KETZ (Kadoshkinskiy Electrotechnical plant)” is a manufacturer of start-up control equipment and pulse-igniting devices for gas-discharge lamps; greenhouse irradiators; street lamps;
 - OJSC “ASTZ (Ardatovskiy lighting plant)” is one of the largest lighting companies in Russia, whose main field of activity is the production and sale of general and special purpose lighting devices. The enterprise is equipped with high-performance equipment, it carries out the entire production process: from scientific development to the production of finished products;
 - JSC “Fibre optic systems” is the first optical fibre production enterprise in Russia. The company provides for the industrial production of telecommunications and technical optical fibre, the introduction of the latest achievements for the creation of nanostructures in optical fibre and for the use of nanotechnologies to improve the properties of the fibre. The production capacity of the plant is 2.4 million km of optical fibre per year.
- Production of other non-metallic mineral products — share in total amount of shipped products made up 7%. Enterprises of the industry shipped products in the amount of RUR 14.0 mlrd. The construction industry is represented by the following companies: JSC “Mordovcement”, JSC “Lato”, “Zhelesobeton” Ltd., “Magma” Ltd., etc.
- JSC “Mordovcement” is one of the leading suppliers of cement in the Russian market of building materials; its share in the total production of cement in Russia is about 5.5%;
 - JSC “LATO” is one of the largest producers of chrysotile cement slate and pipes in Russia;

- “Zhelesobeton” Ltd. is the largest producers of concrete products in the Republic of Mordovia. Currently the enterprise’s list of manufactured products includes more than 1500 items reinforced concrete items;
 - “Magma” Ltd. specializes in the production of dry building mixtures, drywall sheets, tongue-and-groove gypsum boards, gypsum binders.
- Metallurgical production — share in total amount of shipped products made up 4.4%. Enterprises of the industry shipped products in the amount of RUR 8.6 mlrd. The largest enterprises of the industry in the Republic of Mordovia are: “VKM-Stal (Car building company of Mordovia)” Ltd., “EM-KAT” Ltd.
 - “VKM-Stal” Ltd. produces cast blanks and parts made of cast iron and steel; provides its own casting to the main consumer – JSC “Ruzhimmash”;
 - “EM-KAT” Ltd. is a manufacturer of aluminum wire rod and aluminum alloy wire rod for electrical purposes.
- Production of computers, electronic and optical products share in total amount of shipped products made up 7%. Enterprises of the industry shipped products in the amount of RUR 13.9 mlrd. The largest enterprises of the industry in the Republic of Mordovia are: JSC “Orbita”, PJSC “Saranski instrument-making plant”, OJSC “Saranski television plant”, “Helios-Resurs” Ltd., etc.
 - JSC “Orbita” is the leader in the production of high-voltage equipment, semiconductor rectifier units and voltage regulators for all types of generators of domestically produced cars;
 - PJSC “Saranski instrument-making plant” specializes in the design and production of pressure and temperature sensors and bellows for various industries;
 - “Helios-Resurs” Ltd. is the only and unique enterprise in Russia that produces multi-crystalline plates for the manufacture of solar panels.
- Wood processing and production of wood and cork products, except furniture, production of straw products and materials for weaving — share in total amount of shipped products made up 2%. Enterprises of the industry shipped products in the amount of RUR 4.0 mlrd. The leading enterprise of the industry in the Republic of Mordovia is CJSC “Plyterra”.
 - CJSC “Plyterra” is one of the most reliable and experienced manufacturers of plywood in Russia. The share of exports to foreign countries is 75%, while the company's products meet the most stringent quality control requirements.
- Production of rubber and plastic products — share in total amount of shipped products made up 1.5%. Enterprises of the industry shipped products in the amount of RUR 2.9 mlrd. The main enterprises of the

industry in the Republic of Mordovia are: JSC “Saransk plant “Rezinotekhnika”, “EM-PLAST” Ltd.

- OJSC “Saransk plant “Rezinotekhnika” is one of the largest manufacturers of rubber products in Russia. The main types of products: molded products, extrusion profiles, sleeves, belts, glue of various kinds, conveyor belts and convection glued products. The company completes all major automobile plants in Russia and the CIS countries, enterprises that produce military, aviation and space equipment;
- “EM-PLAST” Ltd. - is a manufacturer of plastic shrink wrap (PSW). The production capacity of the enterprise for the production of PSW is 260 tons per month. The company occupies a leading position in the packaging production in Russia.

Power Complex

Total power capacity of generating electric system sources in the Republic of Mordovia makes 388.0 MBt. Generating equipment of the Republic of Mordovia electric system is located at the power stations of “Mordovia” Branch of PJSC “T Plus” with the power capacity of 280.0 MBt, JSC “GT Energo” – 18.0 MBt and industrial companies power stations (“Romodanovosakhar” Ltd. – 12.0 MBt, PJSC “Mordovcement” – 73.0 MBt, “Gasprom Transgas Nizhny Novgorod” Ltd. Branch – 5.0 MBt. The Republic of Mordovia power system borders with the Ryazan, Nizhny Novgorod, Chuvash and Penza power systems.

Transmission system operators, performing transmission and distribution of electric power:

1. PJSC “FSK EES” Branch – Volga Main Power Transmission Lines Company.
2. PJSC “Volga Interregional Distribution Company” Branch – “Mordovenergo”. “Mordovenergo” comprises of 4 production branches – Saransk, Komsomolsk, Kovylnino and Krasnoslobodsk branches.
3. JSC TF (technical firm) “Watt”.
4. JSC “Mordovia electric grid company”.
5. MP Saransk “Gorsvet”.
6. Kuibyshev Directorate for energy supply-SD (structural division) Transenergo-branch of OJSC “Russian Railways”.
7. “Mordovia grid company” Ltd.
8. “Life support systems RM” Ltd.
9. “Electroteploset” Ltd.
10. “Energolín” Ltd.
11. FOE (Federal State-owned enterprise) “Saransk mechanical plant”.
12. “Ruzaevsky electric networks” Ltd.

Agro-industrial complex

50 large and medium agricultural enterprises and 1109 farms, 8 meat-processing companies, 17 companies of milk industry, 1 confectionary, 1 liqueur-

and-vodka company, 2 distilleries, sugar and tinned food factories, brewery, macaroni plant.

Plant-growing and animal breeding are developed. Plant-growing specializes in production of grain, sugar-beet. Animal breeding includes meat-dairy and dairy-meat poultry, pig breeding, cattle breeding. Food-processing industry forms the basis for the region's food safety.

Foreign economic activity

Mordovia foreign trade turnover in January – September 2020 amounted to USD 349.0 mln. (102.1 % to the corresponding period of 2019), including export – USD 180.4 mln. (88.3% to the corresponding period of 2019) and import – USD 168.6 mln. (122.7% to the corresponding period of 2019).

The main export products were: wood and products made from it, railway cars, doped silica, aluminium and products made from it, electric machines and equipment, sugar and confectionery products, ferrous metals, industrial rubber goods, copper wire.

Main export partners were Belarus, Kazakhstan, and China. Largest exporters of the Republic of Mordovia: CJSC “Playterra”, JSC “Ruzkhimmash”, “Helios Resource” Ltd., “Mordovvtorsyrie” Ltd., “Epromet” Ltd., “Romodanovoskhar” Ltd., “Mordovia procurement company” Ltd., “Vtortsvetmet” Ltd., “Optikenergo” Ltd.

Imported to the Republic: electrical machines and equipment, equipment and mechanical devices, products of inorganic chemistry, copper and products made from it, glass and products made from it, organic chemical compounds, aluminium and products made from it, plastics and products made from them, ferrous metals.

China, Finland, Ukraine were the main import partners. Largest importers: “Helios Resource” Ltd., CJSC “Playterra”, JSC “Ruzkhimmash”, JSC “Fibre optic systems”, “Meat-processing complex “Atyashevski” Ltd., JSC “Agro-firm “Oktyabrskaya”, PJSC “Mir Tsvetov”, PJSC “Biochemist”, “Kombis” Ltd.

Over the past nine years (2012-2020), 154 major investment projects have been implemented with the creation of 10.0 th. jobs.

In 2020, 21 major investment projects were implemented (the total cost of projects is RUR 21.38 mlrd., 1.734 new jobs were created, including 849 new jobs in 2020).

Such as:

- **in industrial sector:**

- “EM-Kabel” Ltd. – implementation of the project “Organization of production of power cables with cross-linked polyethylene insulation with a voltage of 10-110 kV” has been completed. Annual revenue from realization of products when reaching the maximum design capacity – RUR 1521.9 mln. The total cost of the project is RUR 506.3 mln. The number of new jobs have been created – 68 (Saransk);
- JSC “Ruzkhimmash” – implementation of the project “Investment program, technical re-equipment, expansion and modernization of production” has

been completed (Saransk, one-industry town Ruzaevka), the design capacity – 12 th. wagons per year. The total cost of the project is RUR 758.0 mln. The number of new jobs have been created in 2020 – 68;

- “Glass Company “RAZVITIE” Ltd. – implementation of the project “Launch of a plant for production of colorless glass containers for the food industry and creation of a modern competitive production in Ruzaevka in the Republic of Mordovia” has been completed (resident of TASED (the territory of advanced socio-economic development) “Ruzaevka”). The design capacity – 840 thousand units / day (glass container). The volume of investments – RUR 265.5 mln., created 495 new jobs, including in 2020 – 206 new jobs;
- CJSC “Plyterra” – implementation of the project “Modernization and increase of the existing production of birch plywood FSF (plywood and tar phenol-formaldehyde glue) by 30 thousand cubic meters per year” has been completed (one-industry town Umet). The total cost of the project – RUR 1243 mln., created 78 new jobs, including in 2020 – 32 new jobs;
- CJSC “Plyterra” – implementation of the project “Modernization and increase of the existing production of laminated plywood FOB (laminated (lined) plywood) by 15 thousand cubic meters per year” has been completed (one-industry town Umet). The total cost of the project – RUR 1015 mln., created 78 new jobs, the number of new jobs have been created in 2020 – 28;
- “VKM-Steel” Ltd. – implementation of the project “Increase output in foundry production (vacuum molding complex)” has been completed. Design capacity – 30 th. tons of molding per year, investments in the amount of 244.6 million rubles were made. The number of new jobs have been created in 2020 – 100 (Saransk);
- “Meat-processing complex “Atyashevski” Ltd. – implementation of the project “Increase in production capacity” has been completed (one-industry town Atyashevo, work settlement –Torbeevo). The volume of investments – RUR 213.67 mln., created 552 new jobs, including in 2020 – 175 new jobs.

Including with the support of the Industrial Development Fund of the Republic of Mordovia:

- “NIIS named after A.N.Lodygin” Ltd. – implementation of the project “Development of production of recirculating UV irradiators based on bactericidal lamps of various capacities” has been completed (Saransk). Annual revenue from realization of products when reaching the maximum design capacity is RUR 60 mln. The total cost of the project – RUR 5.6 mln. (including a loan from the Industrial Development Fund of the Republic of Mordovia – RUR 5.6 mln.). The number of new jobs have been created – 68 (Saransk);
- “Mobile Doctor” Ltd. – implementation of the project “Production of 8,000 protective suits for use in healthcare facilities” has been completed (Saransk). The total cost of the project – RUR 11.5 mln. (including a loan

from the Industrial Development Fund of the Republic of Mordovia – RUR 11.5 mln.) (Saransk);

- PJSC “Saranski instrument-making plant” – implementation of the project “Mastering the production of adapters and plugs for the oxygen valve used as a part of medical ventilator” has been completed (Saransk). The total cost of the project – RUR 20 mln. (including a loan from the Industrial Development Fund of the Republic of Mordovia – RUR 20 mln.), maximum design capacity is 300 units of products per day. (Saransk).

- **in agriculture:**

- “MolAgro” Ltd. – implementation of the project “Construction of a cattle-breeding complex for 1200 cows” has been completed (Insarski Municipal District). The total cost of the project – RUR 1148 mln., the number of new jobs have been created – 80;
- CJSC “Mordovian bacon”:
 - ❖ implementation of the project “Construction of a pig breeding complex for 4800 sows” has been completed (fifth and sixth stages in line) (Kovylkinski municipal district). The total cost of the project – RUR 3747.7 mln., the number of new jobs have been created in 2020 – 144 (it was planned to create 156 new jobs);
 - ❖ implementation of the project “Reconstruction of the workshop for processing waste from slaughtering pigs and waste from processed meat raw materials” has been completed (Atyashevski municipal district). The total cost of the project – RUR 359.5 mln., the number of new jobs have been created – 25.
- “Mordovia tribal centre” – implementation of the project “Construction of a pig breeding complex for 4800 sows” has been completed (seventh stages in line) (Kovylkinski municipal district). The total cost of the project – RUR 1861.38 mln., the number of new jobs have been created in 2020 – 58 (it was planned to create 78 new jobs);
- “Mir Tsvetov TK” Ltd. – implementation of the project “Construction of the second stage of the greenhouse complex” has been completed (Kovylkinski municipal district). The total cost of the project – RUR 500 mln., the number of new jobs have been created in 2020 – 40. The project was implemented with the support of the Single-Industry Towns Development Fund;
- “Istok” Ltd. – implementation of the project “Modernization of the dairy complex with an increase of 1000 cows” has been completed (Ruzaevski municipal district). The total cost of the project – RUR 125 mln., the number of new jobs have been created in 2020 – 25.
- “Vanguard” Ltd. (Ruzaevski municipal district):
 - ❖ implementation of the project “Construction of poultry housing” has been completed. The total cost of the project – RUR 97.5 mln.

- ❖ implementation of the project “Purchase of an egg sorting machine MOBA OMNIA XF330” has been completed. The total cost of the project – RUR 138 mln.
- “Kombis” Ltd. – implementation of the project “Oilseed processing shop” has been completed (Chamzinski municipal district). The total cost of the project – RUR 127 mln., the number of new jobs have been created in 2020 – 22.
- **residential construction:**
 - JSC “Mordovia Mortgage Corporation” – implementation of the project “Construction of multi-storey residential buildings of the block bounded by Proletarskaya Street, Promishlenni proezd, Bolshevikskaya Street, Vasenko Street in Saransk” has been completed. The total cost of the project – RUR 2031.5 mln.

Perspective industries for investments:

The most perspective areas for investments are: manufacturing production, agriculture, real estate operations, transportation and storage, activities in the fields of culture, sport, leisure and entertainment.

The priority investment spheres are: innovation, modernization and establishment of highly efficient productions, development of economic infrastructure (transport, telecommunications, financial), small business and social sphere.

Statutory Acts of the Republic of Mordovia Regulating Investment Activity

Law of the Republic of Mordovia of February 20, 2006 No. 6-3 “On state support of investment activity in the Republic of Mordovia”;

Law of the Republic of Mordovia of November 25, 2004 No. 77-3 “On reduction of companies profit tax rates”;

Law of the Republic of Mordovia of November 27, 2003 No. 54-3 “On companies property tax”;

Law of the Republic of Mordovia of March 12, 2009 No. 23- 3 “On the regulation of land relations in the territory of the Republic of Mordovia”;

Law of the Republic of Mordovia of October 20, 2015 No. 83- 3 “On the regulation of certain issues in the areas of public-private partnership, concession agreements in the territory of the Republic of Mordovia”;

Decree of Head of the Republic of Mordovia of July 26, 2013 No. 156-YT “On the Council for Improving Investment Climate in the Republic of Mordovia”;

Decree of the Government of the Republic of Mordovia of October 27, 2017 No. 568 “On the Procedure for concluding agreements on the implementation of activities in the territory of advanced socio-economic development created on the territory of a monoprofile municipal entity (single-industry city) in the Republic of Mordovia”;

Decree of the Government of the Republic of Mordovia of October 8, 2012 No. 363 “On the Republican target program for the development of the Republic of Mordovia for 2013-2022”;

Decree of the Government of the Republic of Mordovia of March 18, 2013 No. 88 “On some aspects of the republican target programme for the development of the Republic of Mordovia for 2013 – 2022”;

Decree of the Government of the Republic of Mordovia of November 23, 2006 No. 510 “On approval of the procedure for competitive selection of investment projects and maintaining the list of priority investment projects of the Republic of Mordovia”;

Decree of the Government of the Republic of Mordovia of December 19, 2017 No. 668 “On some aspects related to the selection of investment projects of the Republic of Mordovia subject to inclusion into the Republican target programme for the development of the Republic of Mordovia for 2013 – 2022”;

Order of the Ministry of economy, trade and entrepreneurship of the Republic of Mordovia of October 26, 2017 No. 200-P “On the Commission for investment competitions under the Ministry of economy, trade and entrepreneurship of the Republic of Mordovia”.

The Government of the Republic of Mordovia is interested in mutually beneficial cooperation and ready to support investors’ initiatives.

The Government of the Republic of Mordovia actively works on the favourable investment climate formation in the region and its investment attractiveness increase.

For attracting investments and rendering support for projects implementation in the Republic the following types of state support are in action:

1. Granting status of the priority investment project of the Republic of Mordovia in accordance with the Law of the Republic of Mordovia of February 20, 2006 No. 6-3 “On state support of investment activity in the Republic of Mordovia”. The mentioned status allows receiving tax benefits from the beginning of an investment project for the pay-back period but not longer than for 10 years following the date of the receipt in the form of profit tax reduction to 13.5% and property tax exemption. Currently, the list of priority investment projects of the Republic of Mordovia includes 17 investment projects with a total value of RUR 25.7 mlrd. with creation of 1.5 thousand new jobs and planned volume of annual revenue from sales of products – RUR 27 mlrd.

2. By the Decree of the Government of the Republic of Mordovia of September 27, 2017 No. 1165 the territory of advanced socio-economic development (hereinafter referred to as TASED) was established in mono-town Ruzaevka, the Republic of Mordovia. Preferential rates for profit and property taxes of organizations included into the register of the priority social and economic development area (TASED) residents are as follows:

- reduction of profit tax rate paid to the republican budget of the Republic of Mordovia for organizations from 18% (17% in 2017 – 2020) to 5% during
- the first five years and to 10% during the following 5 years;
- zeroing property tax rate from 2.2% to 0% during 10 years;
- zeroing property land rate from 1.5% to 0% during 10 years.
- zeroing Profit tax rate paid to the federal budget for organizations from 2% (3% in 2017 – 2020) to 0% during the first 5 years;
- insurance payments rate is reduced from 30% to 7,6% during 10 years (for legal entities received the resident status during three years following the territory of priority social and economic development area (TASED) establishment or until September 27, 2020).

In total, the register of residents of (TASED) (the territory of advanced socio-economic development) includes 22 organizations with investment projects with a total value of RUR 5 mlrd. and the creation of 2413 new jobs.

3. granting land slots that are in state or municipal property to legal entities under lease without tendering for implementation of large-scale investment projects included in the state programmes of the Russian Federation, the Republic of Mordovia or in municipal programmes of a municipal entity social and economic development in accordance with the Law of the Republic of Mordovia of March 12, 2009 No. 23-3 “On land relations regulation in the Republic of Mordovia”, of extra-budgetary investment volume in the territory of Saransk not lower than RUR 150 mln. and (or) in the territory of municipal districts of the Republic of Mordovia not lower than RUR 50 mln.;

Specialized organization “Republic of Mordovia Development Corporation” Ltd. carries out functions on searching and following-up investment projects based on the “one contact” principle. The development institution on the free-of-charge basis renders assistance in placing business-ideas into the project, finding investors, business-missions organization, translation into foreign languages, investments sites selection, following-up projects implemented in the territory of the republic – starting with investments finding up to the enterprise establishment and production start, provides consultations in the sphere of state support receipt as well as renders other types of assistance including those in the framework of implementation of investment projects with the public and private partnership mechanism application.

The Republic of Mordovia implements measures to simplify business procedures and remove administrative barriers.

Inter-departmental commission “project office” operates in the republic. It focuses on introducing the best practices of the National rating of investment climate and implementation of the target models which simplify the procedures of business and increase of investment attractiveness of subjects of the Russian Federation.

In 2020 investment volume to basic capital by the full circle of enterprises from all financial sources in the Republic of Mordovia made up RUR 26.9 mlrd. In general, for 2020, investments are estimated at RUR 53.9 mlrd.

LIST of the largest enterprises of the Republic of Mordovia

I. Industry, transport and communication

Production of transportation means and equipment

1. JSC “Ruzhimmash”

Ruzaevka 431440 Republic of Mordovia, Russia

Ph. +7 (83451) 6-53-75, fax +7 (83451) 6-54-07

E-mail: ruzhim@rzhm.rmrail.ru,

WEB: rmrail.ru/structure/ruzchimmash/

(production of tank cars, open wagons, hopper wagons, container flatcars, gas trailer trucks and truck tanks)

2. JSC “Neon”

9A Pugachev St., Insar 431430 Republic of Mordovia, Russia

Ph. +7 (83449) 2-13-74, fax +7 (83449) 2-11-80

E-mail: zavod@neon.rmrail.ru

(production of spare parts for railway car-building, magnetic reed sensors for mining industry)

3. “SPA “NefteGazMash”

119 Pionerskaya St., Ruzaevka 431444 Republic of Mordovia, Russia

Ph. +7 (883451) 2-10-09, fax +7 (883451) 6-24-15

E-mail: neftehgazmash@mail.ru

(production of tech-tech types of machines, mechanisms, special technological equipment for petrochemical, gas, machine-building industries, tanks for hydrocarbons storage and transportation, spare parts for railway car-building as well as agricultural machinery)

Production of transportation means, trailers and semitrailers

1. JSC “Saransk Dump Truck Plant”

11 Stroitel'naya St., Saransk 430001 Republic of Mordovia, Russia

Ph. +7 (8342) 77-72-29

E-mail: main@samosvalsaz.ru

WEB: samosvalsaz.ru

(production of dump trucks and dump truck equipment, municipal vehicles, vans, tractor trucks, trailers and semi-trailers)

2. JSC “MordovAgroMash”

15-A Rabochaya St., Lukhovka-1, Saransk 430911 Republic of Mordovia, Russia

Ph. +7 (8342) 25-84-04

E-mail: omise@oaomam.ru

WEB: oaomam.ru

(production of agricultural equipment, auto trailers)

3. JSC “Dormash”

1A Zavodskaya St., B. Yalkhovka, Lyambir District 431503 Republic of Mordovia, Russia

Ph. +7 (88342) 25-27-27

E-mail: tdumz@mail.ru

(production of trailing harrows, road-building machinery and municipal equipment)

Production of electrical equipment

1. “Plant “Saransklabel” Ltd.

3 Stroitel'naya St. Saransk 430001 Republic of Mordovia, Russia

Ph. +7 (8342) 77-76-67 (add 134), fax +7(8342) 77-76-67

E-mail: post@saransklabel.ru

WEB: saransklabel.ru

(production of power cables for operating voltage below 1kV, 1kV and above 1kV; cables for signal and blocking, control cables, city telephone cables, vessel cables, fibre optic cables, different wires and cords)

2. “Cable plant “Tsvetlit” Ltd.

22 Aleksandrovskoye Sh., Saransk 430006 Republic of Mordovia, Russia

Ph. +7 (8342) 29-16-01

E-mail: post@zvetlit.ru

WEB: zvetlit.ru

(production of aluminium and copper rolled wire, cable-conductor products)

3. “Saransklabel-Optica” Ltd.

3rd Stroitel'naya St., Saransk 430001 Republic of Mordovia, Russia

Ph. +7 (8342) 22-30-20

E-mail: optic@sarko.ru

WEB: sarko.ru

(production of fibre optic communication cables for highway, intra areal and local networks, optic grounded wires)

4. “Lisma” Ltd.

5 Svetotekhnikov Sh., Saransk 430034 Republic of Mordovia, Russia

Ph. +7 (8342) 77-70-60

E-mail: info@lisma.su

WEB: lisma-guprm.ru

(production of light sources: incandescent lamps, fluorescent lamps, gas-discharge lamps, high-pressure lamps, etc.)

5. JSC “Ardatov Lighting Engineering Plant”

73 Zavodskaya St., Turgenevo, Ardatovsky district 431868 Republic of Mordovia, Russia

Ph. +7 (83431) 2-10-09, fax +7 (83431) 2-10-09, 2-10-10

E-mail: mirsveta@astz.ru

WEB: astz.ru

(production of lighting-engineering products for industrial, public, administrative and housing facilities, for parks and squares, special equipment for agriculture, industrial and household lamps)

6. PJSC “Elektrovypryamitel”

126 Proletarskaya St., Saransk 430001 Republic of Mordovia, Russia

Ph. +7 (8342) 24-23-96, 29-67-29

E-mail: kamencev@elvpr.ru

WEB: elvpr.ru

(R&D, production of power semiconductor devices and converters on their basis)

7. JSC “Kadoshkin Electro Technical Plant”

1 Zavodskaya St., Kadoshkin 431900 Republic of Mordovia, Russia

Ph. +7 (83448) 2-31-21

E-mail: ketz@moris.su

WEB: ketz13.narod.ru

(production of industrial and street lights)

8. PJSC “Kovylkino Electro Mechanical Plant”

16 Rabochaya St., Kovylkino 431350 Republic of Mordovia, Russia

Ph. +7 (83453) 4-30-60

E-mail: kemz@moris.ru

WEB: deskemz.ru

(production of electronic power, distribution, radar location equipment and electric motor drives, diesel electric stationary and mobile stations, block containers and sealed car bodies for electric and radio equipment, low-voltage gas equipment, electro technical products)

9. “EM-Cable” Ltd.

10A 2nd Promyshlennaya St., Saransk 430006 Republic of Mordovia, Russia

Ph. +7 (8342) 38-02-01

E-mail: mail@emcable.ru

WEB: emcable.ru

(production of cables and conductor products)

10. “Xenon” Ltd.

68 Sovetskaya St., Insar, Insarsky District 431430 Republic of Mordovia, Russia

Ph. +7 (83449) 24-25-41, 48-01-92, 47-92-24

E-mail: xenon@xnn.ru

WEB: xnn.ru

(production of street, industrial, LED, energy-saving lamps, corrugated box, facade cassettes)

11. “NEPES RUS” Ltd.

3 Lodygin St., Saransk 430006 Republic of Mordovia, Russia

Ph. +7 (8342) 37-27-27

E-mail: info@nepes.ru

WEB: nepes.ru

(production of LED lamps for internal and street lighting)

12. “Reflux S” Ltd.

12/1 Pionerskaya St., Yalga 430904 Republic of Mordovia, Russia

Ph. +7 (8342) 77-73-43, 25-40-06

E-mail: rs@reflux.ru

WEB: reflux.ru

(production of sodium vapour and metal-halogen lamps, LED lamps)

13. JSC “Fibre optic systems”

13 Lodygin St., Saransk 430006 Republic of Mordovia, Russia

Ph. +7 (8342) 33-36-38, 33-36-89

E-mail: info@rusfiber.ru

WEB: rusfiber.ru

(production of optic fibre)

Production of computers, electronic and optical devices

1. JSC “Orbita”

12 Pionerskaya St., Yalga, Saransk 430904 Republic of Mordovia, Russia

Ph. +7 (8342) 25-41-39

E-mail: info@orbita.su

WEB: orbita.su

(production of integrated microcircuits, semiconductor devices, semiconductor rectifier assembly and voltage regulators for automobile generators, electronic starting and control devices for light sources)

2. PJSC “Saransk Instrument Engineering Plant”

9 Vasenko St., Saransk 430030 Republic of Mordovia, Russia

Ph. +7 (8342) 33-37-57

E-mail: secretariat@saranskpribor.ru

WEB: saranskpribor.ru

(production of controlling and regulating devices, counter devices for energy resources, medical equipment)

3. JSC “Saransk Television Plant”

2nd km Lyambir Sh., Saransk 430034 Republic of Mordovia, Russia

Ph. +7 (8342) 79-89-02

E-mail: main@saransktv.ru

WEB: saransktv.ru

(production of pumping equipment for oil and gas industry, construction large-sized steelwork, pc boards assembling, plastic devices and devices for aircraft industry)

4. “Helios Resource” Ltd.

126 Proletarskaya St., Saransk 430001 Republic of Mordovia, Russia

Ph. +7 (8342) 47-03-76

E-mail: info@hr-pv.com

WEB: helios-resource.ru

(production of electro technical elements for solar batteries)

5. PJSC “Medoborudovanie”

Yalga, Saransk 430904 Republic of Mordovia, Russia

Ph. +7 (8342) 25-36-18 , 30-08-15

E-mail: sbit@szmo13.ru

WEB: szmo13.ru

(production of mobile dispensaries, disinfecting cells and devices, veterinary electric steam generators, metal-polymeric pipes, gas cylinders for automobiles, aqua distillers, milk cooling tanks, electric water heaters)

Production of machines and equipment not included into other categories

1. JSC “Stankostroitel”

116 Stroitel'naya St., Saransk 430001 Republic of Mordovia, Russia

Ph. +7 (8342) 27-02-15

E-mail: stanko@stanko.ru

WEB: stanko.ru

(production of forging, profile bending equipment for production of profiled flooring, metal tile, reinforce profile)

2. JSC “Promtraktor Vagon” Branch

126A Proletarskaya St., Saransk 430001 Republic of Mordovia, Russia

Ph. +7 (8342) 37-22-55

E-mail: osp.pt-vagon@mail.ru

WEB: sarex.ru

(production of tractors, excavators, attachable equipment, agricultural machines)

Metallurgic production

1. “VKM-Steel” Ltd.

22 Aleksandrovskoye Sh., Saransk 430026 Republic of Mordovia, Russia

Ph. +7 (8342) 79-03-05

E-mail: vkm@vkm.rmrail.ru

WEB: rmrail.ru/structure/vkmsteel

(production of ferrous and iron casting)

2. “EM-KAT” Ltd.

10-A 2st Promyshlennaya St., Saransk 430006 Republic of Mordovia, Russia

Ph. + 7 (8342) 27-00-22

E-mail: a.i.nevlyutova@yandex.ru

WEB: em-kat.ru

(production of aluminium rod)

Production of medicines and materials applied in medical branches

1. PJSC “Biokhimik”

15A Vasenko St., Saransk 430030 Republic of Mordovia, Russia

Ph. +7 (8342) 38-03-68

E-mail: n.budanova@biohimic.ru

WEB: biohimic.ru

(production of approximately 100 medical products of different pharmacological effect)

Chemical production

1. JSC “Leader-Compound”

31 1st Promyshlennaya St., Saransk 430034 Republic of Mordovia, Russia

Ph. +7 (8342) 33-38-38

E-mail: leader_compound@mail.ru

WEB: l-compound.ru

(the first in the territory of the CIS countries production of peroxide cross-linked compounds for power cables)

Production of rubber and plastic products

1. JSC “Saransk Plant “Rezinotechnika”

Saransk 430015 Republic of Mordovia, Russia

Ph. +7 (8342) 59-53-01

E-mail: saransk@rubexgroup.ru

WEB: szrt.ru

(production of rubber products: V-belts, transporting belts, high-pressure sleeves)

2. “EM-Plast” Ltd.

2st Promyshlennaya St., Saransk 430006 Republic of Mordovia, Russia

Ph. +7 (8342) 27-04-21

E-mail: info@emplast.ru

WEB: emplast.ru

(production of shrink and stretch wrap)

**Production of wood and items made of wood and cork, excluding furniture,
production of items made of straw and materials for plaiting**

1. CJSC “Plyterra”

128/2 Sevastopolskaya St., Saransk 430009 Republic of Mordovia, Russia

Ph./fax +7 (8342) 56-01-26

E-mail: office@plyterra.ru

WEB: plyterra.ru

(production of birch plywood, laminated plywood, fuel briquettes)

Production of furniture

1. “Orimex” Ltd.

33 Energeticheskaya St., Saransk 430026 Republic of Mordovia, Russia

Ph. +7 (8342) 29-31-90, 30-87-76

E-mail: orimex@orimex.ru

WEB: orimex.ru

(production of oak-tree furniture)

2. “Progress” Ltd.

7 Tolstoy St., Ruzaevka Republic of Mordovia, Russia

Ph. +7 (8345) 16-53-28, +7 905 958-77-05

(production of cabinet and soft furniture)

**Waste collecting, manufacturing and utilisation; recycling materials
processing**

1. “Mordovvtorsyrie” Ltd.

39/2 1st Promyshlennaya St., Saransk 430006 Republic of Mordovia, Russia

Ph./fax + 7 (8342) 27-07-33

E-mail: mk@mkmvs.ru

WEB: mkmvs.ru/ru

(non-ferrous metallurgy, production of secondary aluminium alloys)

Construction materials industry

1. PJSC “Mordovcement”

Komsomolsky, Chamzinsky district 431721 Republic of Mordovia, Russia

Ph. +7 (83437) 3-07-00

E-mail: morcem@eurocem.ru

WEB: eurocement.ru/cntnt/rus/production3/zavody1/rossiya/mordovc.html

(production of packed and unpacked cement of different grades)

2. JSC “LATO”

6 Komsomolsky, Chamzinsky district 431721 Republic of Mordovia, Russia

Ph. +7 (83437) 3-01-11

E-mail: lato@moris.ru

WEB: lato.ru

(production of slates, asbestos-cement pipes, acrylic paints, paving tiles, building bricks)

3. “MAGMA” Ltd.

Komsomolsky, Chamzinsky district 431720 Republic of Mordovia, Russia

Ph. +7 (83437) 3-00-00

E-mail: info@magma-gips.ru

WEB: magma-td.ru

(production of dry construction mixtures)

4. “Heat-Insulating Materials Plant” Ltd.

3 Severo-Vostochnoye Sh., Saransk, Republic of Mordovia 430006 Russia

Ph. +7 (8342) 29-44-56

E-mail: sovelitnew@mail.ru

WEB: ctinn.ru

(production of mineral wool and sovelite products, dolomite crushed stone)

5. JSC “ZHBK-1”

4 Titov St., Saransk 430030 Republic of Mordovia, Russia

Ph. +7 (8342) 47-40-40, 24-81-97
